LANDA DHANU VARA PRASAD

+91 7989453846 — landa.dhanu7@gmail.com — GitHub Profile — LinkedIn Profile

Career Objective — Secure a challenging position in a reputable organization where I can contribute effectively to my technical skills and grow professionally while learning continuously.

Experience

Blackbucks **June 2025 – July 2025**

Full Stack Software Developer (MERN)

- Built and deployed responsive web applications using React.js for the frontend and Node.js with Express.js for the backend.
- Created REST APIs and managed application data with MongoDB Atlas, writing efficient queries to keep page load times fast.
- Took features from initial concept to production, managing code with Git and setting up automated testing.

Projects

Recipe Sharing Web Application

- Built a full-stack social recipe platform using React and TypeScript for the frontend, powered by a Node.js backend.
- Added community-driven features like real-time chat, story feeds, friend connections, and live notifications to boost user engagement.
- Included fun mini-games and a utility shopping list feature, successfully deploying the live application using Render.

vProfile Multi-Tier Application Deployment (DevOps/AWS)

- Set up an automated Jenkins CI/CD pipeline to reliably handle builds, testing, and deployments for a multi-tier Java application.
- Containerized microservices with Docker and deployed them to an Amazon EKS cluster to ensure the system scales efficiently and stays online.
- Wrote Terraform scripts to automatically provision AWS infrastructure, cleanly managing EC2 servers, RDS databases, and ElastiCache.

Education

SRKR Engineering College **2022 – 2026**
B.Tech in Electronics and Communication Engineering *80.4%*

Sasi Junior College, Tadepalligudem **2020 – 2022**
Intermediate Education (MPC) *94.6%*

Ushodya High School, Narayanapuram **2019 – 2020**
Secondary School Education (10th Class) *95.0%*

Certifications

- **Network Addressing and Troubleshooting** – Cisco Networking Academy
- **CCNA: Introduction to Networks** – Cisco Networking Academy
- **SQL and Relational Databases Certificate** – IBM
- **Python Programming Certificate** – HackerRank

Skills

- **DevOps & Cloud:** AWS, Docker, Kubernetes, Jenkins, Terraform, Ansible
- **Languages & Scripting:** Python, Bash Scripting, SQL
- **Web & Databases:** Node.js, React.js, MongoDB
- **OS & Tools:** Linux/Unix, Git, GitHub
- **Soft Skills:** Highly attentive to detail, Strong analytical problem-solving

Positions of Responsibility

Executive Body Member,IETE Student Forum 2024 – 2025

- Organized technical seminars, embedded hardware hackathons, and mentored junior peers in C programming and circuit design.
